# Why Choose Boutique?

## **Smart Planning:**

We've done the heavy lifting by bundling your venue, food and staff into one clear price.

## **Prestige:**

Experience the same award-winning service and stunning architecture that makes The Bowden a Texas landmark

## **Focus on What Matters:**

With the logistics handled, you are free to focus on celebrating your marriage with those who matter most.

## **Bonus!**

The proceeds from your wedding go back to the Greater Keller Women's club Foundation to disburse grants and scholarships!

## Frequently Asked Questions

### **Q. Can I upgrade the Boutique Package?**

A. Yes! While the package is designed to be all-inclusive, we offer "A La Carte" enhancements such as Chivari Chair upgrades or Extended Bar Service. However, if you find yourself adding many custom elements, our Classic or Chivari package may actually offer you the best overall value.

### **Q. Why is this not available on all days?**

a. Rates reflect the exclusivity of the date and the increased staffing and time provided. A Classic or Chivari wedding includes nearly double the venue access time and full access to our team to allow your creative vision come to life

### **Q. Is the food quality different?**

a. Never. Every guest at The Bowden receives the same award-winning culinary excellence. The difference lies in the menu selection—Boutique packages utilize a curated chef-tested menu to ensure a seamless experience for your guests.

### **Q: Is the Boutique package just a 'discounted' version of a Classic or Chivari?**

A: Not at all. The Boutique is a different style of wedding. It is a curated, 5-hour experience designed for couples who want a streamlined, high-quality celebration. The Classic or Chivari is a 10-15-hour, fully bespoke production for those who want total creative control

### **Q: Can I customize the menu on the Boutique package?**

A: To keep this package at an accessible price point, the menu is fixed. If you are looking for a custom-designed culinary experience, our Classic or Chivari package includes full menu selections.
